PROFESSIONAL EXPERIENCE

MIGDAL GROUP — Insurance & Financial Services

Enterprise AI & Data · Leading Israeli insurance and finance group

AI Product Manager & AI Solutions Builder Lead **2026 – Present**

- Lead AI builders and own enterprise discovery through delivery, aligning business, cybersecurity and engineering teams; targeting 20% shorter idea-to-pilot cycles.
- Own an enterprise skills and agents hub from requirements and build through cybersecurity, integrations, access and rollout; targeting 20% shorter deployment cycles.
- Built a departmental product second brain as one product source of truth; targeting 15% less time searching knowledge and preparing product materials.
- Build end-to-end AI products across Legal, Internal Audit, Customer Service, Strategy and the CEO Office; targeting 25% less manual effort in selected workflows.

AI Product Manager **2025 – 2026**

- Owned the customer and employee chatbot portfolio, enabling self-service and operational support; targeting 10% lower representative handling time for assisted inquiries.
- Led end-to-end underwriting digitization across medical-data review, green-path processing and reinsurance integration; targeting ~40% less manual effort with expert review for exceptions.
- Led discovery, product definition and prototyping for bodily-injury claims support; targeting 20% less case-preparation and evidence-review effort for claims handlers.

Sylvainart d.o.o

Co-Founder & General Manager **2017 – Present**

- Led Croatian hospitality ventures from investment discovery through construction and guest operations, coordinating 10+ stakeholders and attracting inbound interest from marketing firms.
- Evaluated 78+ sites through market research, financial modeling and legal due diligence; selected land that appreciated 4x over five years.

S.D.S Landscape & Environmental Planning Ltd

General Manager **2019 – 2025**

- Led 15+ projects with ILS 500M+ combined development scope and 20+ consultants per project.
- Standardized operations; reported 25% less coordination and delivery time.

Designer & Project Manager **2016 – 2019**

- Coordinated planning deliverables, consultants, permits, tenders and milestones.

Drafter & Project Coordinator **2014 – 2016**

- Produced plans and technical documentation; standardized coordination templates.

Israel Defense Forces

Head of Office, Organization & Oversight — Military Court of Appeals **2017 – 2018**

- Coordinated judicial operations and legal-system rollout; received a Major General's Commendation of Excellence.

Head of Office — COGAT **2016 – 2017**

- Managed scheduling, personnel coordination and military/civilian interfaces.

COMMUNITY & VOLUNTEERING

Product Management Community Co-Manager **2025 – Present**

- Co-manage ProductTank TLV / Mind the Product meetups with speakers and hosts on AI, discovery and product practice.
