AI Product Manager and builder connecting discovery, enterprise AI, prototyping and evaluation.

PROFESSIONAL EXPERIENCE

Migdal Group

AI Product Manager & AI Solutions Builder 2026 – Present

- Promoted in 2026 to combine product ownership with hands-on AI building across business, legal and service workflows.
- Build an organizational and product "second brain" for reusable knowledge, decisions and project context.
- Develop agents for Jira requirements, meeting actions, project intelligence and knowledge editing.
- Build claims prototypes with source-grounded summaries, claimant profiles and human review.

AI Product Manager 2025 – 2026

- Led discovery and requirements for service and knowledge assistants, underwriting and claims.
- Defined roadmaps, PRDs and acceptance criteria for policy coverage, extraction and missing-information detection.
- Used analysis of 3,238 queries, including ~35% short or ambiguous questions, to shape conversational UX.
- Defined quality, adoption and handling-time KPIs, permissions and CRM/API requirements.

Sylvainart d.o.o

Co-Founder & General Manager 2017 – Present

- Evaluated 78+ sites through market, financial and legal analysis; coordinated 10+ development stakeholders.

S.D.S Landscape & Environmental Planning Ltd

General Manager 2019 – 2025

- Led 15+ projects with ILS 500M+ combined development scope and 20+ consultants per project.
- Standardized operations; reported 25% less coordination and delivery time.

Designer & Project Manager 2016 – 2019

- Coordinated planning deliverables, consultants, permits, tenders and milestones.

Drafter & Project Coordinator 2014 – 2016

- Produced plans and technical documentation; standardized coordination templates.

Israel Defense Forces

Head of Office, Organization & Oversight — Military Court of Appeals 2017 – 2018

- Coordinated judicial operations and legal-system rollout; received a Major General's Commendation of Excellence.

Head of Office — COGAT 2016 – 2017

- Managed scheduling, personnel coordination and military/civilian interfaces.

COMMUNITY & VOLUNTEERING

Product Management Community Co-Manager 2025 – Present

- Co-manage ProductTank TLV / Mind the Product meetups with speakers and hosts on AI, discovery and product practice.
