Liam Chetrit

AI Product Manager | AI Solutions Builder
Economist | Entrepreneur | Product Community Builder
Tel Aviv, Israel liamchetrit@outlook.com +972 54 615 5440 linkedin.com/in/liam-chetrit

AI Product Manager working on enterprise assistants, agent workflows and decision-support products in insurance. Combines discovery, evaluation and rapid prototyping with a background in entrepreneurship and complex delivery. Co-manages ProductTank TLV, connecting product practitioners through community programming.

CORE SKILLS

Product: Discovery, PRDs, prioritization, roadmaps, UX flows, pilots, AI evaluation, KPIs, stakeholder alignment.
Tools: Copilot Studio, Jira, Splunk, Figma, Lovable, Supabase, Microsoft 365, advanced Excel.

AI PRODUCT & COMMUNITY LEADERSHIP

AI Product Manager & AI Solutions Builder Lead Nov 2025 - Present
Migdal Group | AI & Data | Petah Tikva, Israel

- Lead discovery and product definition across medical underwriting, claims, customer service and knowledge; translate business needs into PRDs, roadmaps and user stories.
- Define medical document extraction, structured profiles, missing-information detection and source traceability for underwriting and claims decision support.
- Guide pilots and improvements for service and knowledge assistants, shaping conversational flows, access permissions, feedback loops and CRM integration requirements.
- Build and prototype Copilot agents for Jira requirements, meeting summaries, project intelligence and knowledge editing.
- Define quality, latency and adoption KPIs linked to handling time and operating costs; align business, AI, data, engineering, CRM and legal stakeholders.

Product Management Community Co-Manager Oct 2025 - Present
Mind the Product / ProductTank TLV | Volunteer

- Co-manage community programming and collaborate with speakers and host partners to produce meetups on AI adoption, agentic products, discovery and go-to-market.

ADDITIONAL LEADERSHIP EXPERIENCE

Co-Founder & General Manager Apr 2017 - Present
Sylvainart d.o.o | Hospitality Real Estate Development | Croatia

- Evaluated 78+ sites through market, financial and legal analysis to prioritize investment and development opportunities.
- Led luxury villa planning and execution, aligning 10+ stakeholders across design, engineering, legal, finance and construction.

General Manager Apr 2019 - Aug 2025
S.D.S Landscape & Environmental Planning Ltd | Tel Aviv, Israel

- Led 15+ urban development projects with ILS 500M+ in combined project scope, coordinating 20+ consultants per project with public authorities and developers.
- Built operational systems and standardized workflows that reduced coordination and delivery time by 25%.

Earlier roles: Designer & Project Manager, Sep 2016 - Apr 2019; Drafter & Project Coordinator, Nov 2014 - Sep 2016.

SELECTED PERSONAL PROJECT

Thinkkit | PM Knowledge App: Defined product goals, PRD, UX flows and roadmap; built a personal prototype with Lovable and Supabase and iterated on the concept.
